COMPREHENSIVE PLANNING CONTINUES

Continued From Page 1

Another part of the housing element will be the number and type of families living in the area. Families that are elderly, include handicapped persons, are low - income, are very large or are headed by a woman often have housing needs different from the average family. The housing needs of all the families in the county and town should be assessed so that builders, developers and governmental agencies can plan to meet those needs.

The location of projected new housing is also a factor to be considered. Development should take place on suitable land and in areas that have adequate roads and other public facilities.

Maintenance and repair of existing housing, home heating costs and the preservation of neighborhoods are other aspects of housing which require study and planning for the future.

The housing element will also include a housing assistance plan which will show how the area wishes to meet the housing needs of low-income families through such programs as the Farmers Home Administration.

The final article in the series explaining the elements of comprehensive planning will discuss land use.

A brochure answering basic questions on comprehensive planning for Appomattox can be obtained from Bill Britton, Appomattox town manager; Barbara Williams, clerk to the Appomattox County Board of Supervisors or Appomattox Planning Commission members.

works on his farm in Buckingham County.

Summer, however, will find him at the Falling River Country Club most afternoons for an invigorating swim. "I may try my hand at golf before the year passes, "he remarked. "To stay young in body and mind, means we have to work at it," he said. "I also enjoy the activities of our Lion's Club, for it makes our community a better place in which to live."

Mr. McCraw was presented a recliner chair from employees of the Department as a retirement gift in appreciation for his devoted and loyal services throughout the years. We extend to Mr. McCraw and his wife, Estaline who teaches at the Appomattox County High School, and their two daughters, Mary Louise and Ann, our very best wishes for a happy and productive future.

Miss Nancy Lee Godsey

Engagement Is Announced

Mr. and Mrs. Charlie B. Godsey of Appomattox have announced the engagement of their daughter, Nancy Lee, to Vincent Carroll Ould, son of Mr. and Mrs. James C. Ould of Cocoa, Florida.

Miss Godsey is a 1976 graduate of Appomattox County High School.

Mr. Ould is a 1973 graduate of Fork Union Military Academy.

Both are employed at Thomasville Furniture Industries. The wedding is planned for November.

WOMAN'S CLUB WELCOMES NEW MEMBERS

New members of the Appomattox Woman's Club were introduced on Monday evening, November 7, at a dinner meeting at the John Mosby Inn Restaurant. From left to right, Mrs. Page Nolen, Mrs. Linda Stewart, Mrs. Carolyn Coleman, and Mrs. Virginia Caldwell. Also welcomed into the club but not present for the picture were Mrs. Walter Hancock, Mrs. Kendall Hunter and Mrs. Delories Hopkins.

Con-Terra Woman's Club Meets

The Con-Terra Woman's Club met recently in Concord with Mrs. Joseph Dutka President presiding.

Our club has taken a special interest in the Spout Spring Nursing Home and will be starting a small library there for the residents. Books and magazines will be placed there and changed every couple of months. Several subscriptions have been ordered, including Readers Digest in the large print for easier reading. Mrs. Joseph Dutka and Mrs. Clayton Stanly visited the nursing home and decorated for Halloween. Thanksgiving decorations will also be placed there at the proper time.

Mrs. Eddie Gunter, Jr., yearbook chairman, announced a contest to design the cover for our yearbook. There will be four catagories, most original, most far out, prettiest, most club spirit; with prizes awarded for each. The contest ends Dec. 6.

A program of community beautification has been underway. Bulbs and shrubs have been planted along the highway and in front of a local store. A plaquewith the name of our club on it will be at the site as soon as the project is completed.

Mrs. David Porter, Safety Chairman, talked with the highway department regarding the lowering of the speed limit from 35 mph to 25 mph in the Thomas Terrace. Quite a few children play along the road and we feel the speed is to high. We are awaiting a call as to the date and time Mrs. Porter will be able to talk again with the department and hear their evaluation of the situation.

The next meeting will be Tuesday, Dec. 6, at 7:30. Please remember to bring Christmas wrapping paper and ribbons with you.

The social hour that followed was co-hosted by Mrs. Otis Henderson and Mrs. Jerry French.

Mrs. W. W. Wariner, Jr., Sec.
